DETAILED ACTION

Election/Restrictions

1. Claims 14-32 are allowable. The restriction requirement between inventions, as set forth in the Office action mailed on 12/30/2009, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 28-30, directed to a method of making a device withdrawn from further consideration because the claims require all the limitations of an allowable generic linking claim as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 14-32 are allowed.
3. The following is an examiner's statement of reasons for allowance: As to claim 14 26 27, and 28 prior art fails to teach or suggest barrier layers comprising nanostructures in conjunction with the other elements of claims 14 26, 27, and 28.

Art Unit: 2893

4. As to claim 29 prior art fails to teach or suggest the nanostructures have a ground state higher than the energy subbands involved in transition in conjunction with the other elements of claim 29.

5. As to claim 30 prior art fails to teach or suggest wherein electrons tunnel through the barrier layer and go from a high energy value to a low energy value in the first quantum well in conjunction with the other elements of claim 30.

6. As to claims 31 and 32 see office action dated 7/8/2010

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
